📁 PROJECTS

TaskMaster – Smart To-Do List App 🔗

TaskMaster is a simple yet powerful task management app designed to help you stay organized and productive. It allows you to create, edit, and track tasks with ease. With features like priority setting, deadlines, and progress tracking, TaskMaster ensures you never miss an important task.

Image-uploaded 🔗

The Cloudinary Asset Storage Web App allows users to securely upload, manage, and store digital assets in the cloud. It supports images, videos, and files with real-time preview and drag-and-drop uploads. Built on Cloudinary's API, it provides automatic media optimization and fast CDN delivery. Users can easily perform transformations like resizing, cropping, and format conversion via URL. The app ensures scalable, efficient, and user-friendly media management for developers and businesses.
